EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

2. The application has been amended as follows:

In the claims:

I. In claim 32:

a) line 1, replace "claim 21" with – claim 31 --.

3. The following is an examiner's statement of reasons for allowance: None of the prior art in record taken alone or in combination discloses all the combined limitation including a method of implementing a collection program interface for accessing a collection of data associated with a legacy enumeration application program interface comprising retrieving a first set of at least one data element from the collection of data and storing the retrieved first set of at least one data element in a vector in response to receiving an initial first call on the collection application program interface; comparing a first positional cursor to a size of the vector in response to receiving a second call on the collection application program interface subsequent to receiving the initial first call on the collection application program interface; retrieving a second set of at least one data element from the collection of data and storing the retrieved second set of the at least one data element in the vector in response to the first positional cursor being equal to or
